Dear captain Lili, September 6, 2013

Thank you for your kindness and stories!
Although we had a very short trip, you showed us definetely a nice part of Greece and many of us will probably be interested to come back.
Thanks from our "HP team" from Holland, Belgium, Swiss, Germany, Spain, South-Africa and Croatia!

Dear Captan Lik & Anastasia, 07/02/2014

Thank you for our lovely winter trip around the islands!

Our family has very much enjoyed your guidance and support in discovering Greek culture and the unique sights of the different islands. Your humour, experience and (of course) Anastasia's fabulous cooking and attention made all the difference to our wonderful adventure.

Better than any restaurant!

All of us will remember this trip for the rest of our lives and I am certain that Liam and Miranda will have learnt a long-lasting love of Greece during their time with you both. XXX Ruth, Jeff, Liam & Miranda XXX

PS — "Portakallias" will forever make us laugh ☺

Dear Captain Lik and Anastasia

7. February 2014.

This holiday on your boat has been amazing. Thank you for allowing me to steer your beautiful boat and teaching me how to fish even if all the fish went to the cats on Hydra. My room on your boat was extremely comfortable and Anastasia's cooking was superb I especially loved the spaghetti with red sauce and the tuna and mayonnaise pasta. All the meals were better than any taverna we visited.

You're both wonderful people with great senses of humour and I have very much enjoyed your company throughout this whole trip. Hopefully I'll get a chance to come back to Greece in the future.

With love
Miranda.

P.S. I loved all the cat friends I made in Hydra. And thank you Anastasia for my beautiful ring.

Thank you so much for taking my family and I around the Grecian Isles. I thoroughly enjoyed the trip, you are both wonderful people and I an glad to have met you. Anastasia's cooking is among the best I have ever tasted, and as I think you know I enjoy my food. You both have excellent senses of humour and are very fun to be around. Greece has always been a place I've wanted to travel to due to my love of Ancient Greek society and their myths and Legends. I will always hold this experience close to my heart and I hope to one day return.

Love,
Liam

Captain Jik,

Thank you for a truly wonderful trip. My father and I have been looking forward to this for a long time. Our time with you was far better than we ever imagined. Thank you for your extreme kindness and thoughtfulness in every aspect of the trip. We loved your company and enjoyed laughing with you about many many things. Every day was so fun and full that Jay needed three plates of spaghetti. We will miss you and hope that we cross paths again!

With love,

Bryan Clark, Jay + Lexi Bach.

P.S. I also loved all the cat friends I made in Hydra :)

Многоуважаемый капитан Лик!

Хочу выразить Вам свою благодарность за одно из самых прекрасных путешествий в своей жизни.

Легко и непринужденно, совершенно неожиданно мы открыли для себя несколько уникальных островов и на каждом оставили частичку своего сердца.

Надеюсь, что первое путешествие не будет последним, а превратится в семейную традицию)))

Блин!!! Как же быстро летит время! Три недели пролетели стрелой, оставив лишь приятные воспоминания о прошедшем путешествии. Эти воспоминания будут согревать нас в зимнем Петербурге.

Спасибо, Лик, за замечательное путешествие, отличную яхту, теплую компанию. Надеемся, что не в последний раз мы путешествуем под твоим началом.

Дорогой капитан Лик!

Спасибо вам за это незабываемое путешествие. Греция открыла для меня все свои тайны: незабываемые пейзажи, удивительный подводный мир, общительность людей.

С вашей помощью я научилась рулить яхтой и мне это очень понравилось.

Ещё мне очень понравилось кормить местных кошек.

Я никогда не забуду это путешествия!!!

Все было замечательно

Merci Lick pour votre attention envers Yaniv et particulièrement à notre équipe: "la team ayepi" la meilleure de toute évidemment et aussi celle qui fait le mieux à manger! (merci à Sarah et Alexandra). J'espère que votre bateau restera propre (sans chaussures ☺) encore longtemps.

Merci my friend!

Dear Captain Fick & Anastasia.

Thank you so much for your hospitality. Our trip was AMAZING. We loved your boat & watching your sailing skills (especially 17 July 50 miles up wind) thanks for allowing me to help as your crew.

Anastasia was a very gracious hostess cook, waitress & singer (Mama Mia!) We loved the Hot springs on Kythnos. Swimming @ the bay GRAMMANDA & SNORKELLING. You all made us feel at home on your boat. I really enjoyed talking with you all the most & getting to know you both.

May God always bless you, your family & ATEPI.

I will never forget you. Marcel Farnet USA July 2014

Captain Fik & Anastasia,

I feel the same sentiments as Marcel. This one week sailing adventure has been more special than we could have imagined. You and Anastasia made us feel so welcome and special as your guests. We appreciate all the work it took for both of you to keep us fed and safe for the week. Your passion and love of sailing and of each other was a pleasure to watch. We now feel we have new friends in Greece and you two have new friends in New Orleans. July 12-19, 2014

We leave hoping to share another experience in the future!!

Sincerely, Karla Farnet USA

Two wonderful weeks discovering the marvellous Ionian Islands, delighted by the plates prepared by first class Greek cook Anastasia, and led through secret bays and beaches by the expert hands of Captain Lik, who bravely survived the attack of the Tekirdag pirates, and, most of all, managed to transform Marco from a day-sleeper to the perfect helper in all manoeuvres ... Well done!!! ... We will miss you!

Captain Luk,

What a memorable 9 days it has been! We enjoyed all the sailing, fishing, and snorkeling in the secret places, and we'll never forget our honeymoon in your company. Who could forget TWO tuna dinners with the freshest sashimi possible?

The boat is the most comfortable one I've ever been on and so well equipped. Your attention to safety and good anchoring ~~made~~ was reassuring to two novice sailors. Bravo!

Best of luck to you on your future sails and we hope you attain your dream of sailing across the Atlantic.

Good luck designing the solar and power systems!
