Dear Lik,

This was extremely fun and we enjoyed every moment. We learnt many things about the boat and the sea. Every island was amazing and beautiful. Thanks to you we managed to get the best places in each island and enjoy them. Catching the fish was a real highlight in our trip, also being dragged by the roaple and also seeing the dolphins. we really loved the trip and it was a great way to end this era for us as friends before we move on in our lives, now that we finished school. Thanks a lot Lik, you were a great captain. If you are ever in Israel feel free to contact us - 0556640114.

Dear Captain,

Mamma Mia, what a trip. Thank you for introducing us to the life on a sailing yacht. We enjoyed the glimpses of greek island culture and the beauty of the sea even if our stomachs don't totally agree. It was nice to come back to Greece and see the

islands of the Sporades ^{life at sea, especially the FISH!!} eat good Greek food ^{and learn about} yachting. Thanks for your patience and Καλω Ταξιδιού! Beatrix und
Danke vielmals, die Woche auf dem Boot hat Spaß gemacht und wird uns in Erinnerung bleiben!

This was our first vacation on a sailing yacht. We will not forget this. Thank you for showing us the sailing and explaining all the features of the boat. Hopefully we will meet again in the future. Leendert
