Dear Captain Cik,

I wasn't sure of what to expect coming into the sailing excersions and island hoping - My expectations were thouroughly exceeded. I must give you a big thanks for every thing you've done for us and everything you've taught us along the way. Teaching us how to sail was amazing, teaching us to hoist and reel in the sail, and finally teaching us the tricks and shortcuts to sailing and how to be a great sailor. This experience wouldn't have been the same with anyone else. The trip was amazing and im glad I was blessed and honored to spend it with my friends and especially you. The swimming and snorkling and diving, oh my! All of that was very adventurous and amazing. All of this amazing experience was a blessing and will be some thing that will be with me for the rest of my life. Thank you so much again Captain, I will always remember and think of the amazing time I had. Best of Luck on future endevours.

Sincerely, Willy

Captain Lik,

This boat ride part of the trip was very entertaining and fun. I enjoyed it immensely. Thanks for teaching me new things and getting the sea urchin shells. Best wishes!

Dear Captain Lik,

I have to admit, I was a bit skeptical about getting on a boat with 9 other people (one being a complete stranger), but from the very first day I was pleasently surprised. Everything that you have done for me and the group has been incredible. From showing us how to raise the sails to teaching us more about Greek culture. You have given me an experience that most people in this world can only dream of. I will never forget the times we spent together. I wish you the best of luck on all things that lie ahead of you.

Dear Captain Lia,

Thank you so much for these past five days. I never could have imagined something like this you are a truly amazing captain, and have left us with invaluable lessons in life, Greek culture, and sailing alike sailing with you has been a once in a lifetime experience we went to places and saw and understood things that I never would have seen without you. I wish you the best in your future sails, and hope I have the opportunity to come back and sail with you. Come to Detroit and we can sail a small boat in the Detroit river! ☺

I couldnt begin to thank you enough for all that you've allowed our group to do. Because of you, we've gotten to travel to amazing islands and see beautiful towns. You are truely amazing at what you do, and we were extremely lucky to have gotten to sail with you. Dear Captain Lik,

I have to admit I've never sailed before so I was stepping out of my comfort zone. I knew I ~~the~~ would have fun but I never thought I'd remember this trip for the rest of my life. I am truly grateful for you letting us, 7 kids bombard your boat for these five days. You have brought this group together in more ways than you could ever imagine! You welcomed us with open arms and for that I am grateful. You not only sailed as all over Greece but you also showed us the amazing food and taught us a lot about the culture. I think you are truly the greatest Captain I will ever meet. Thanks for everything and I bless you and wish you safe travels and many more adventures. I hope ~~we~~ you will remember us as ~~you~~ we will remember you! ♡
