Αγαπητέ Νικολάε,

Ευχαριστώ πολύ για την πανέμορφη επείγία σας
θάλασσες και Σαρωνικές γλώσσες σας που μας χαρίσατε.
Για το σήκωμα της αλυσίδας χρειάζεται κόπος, χρόνος και
δυνατό ζωντανό. Για τα υπογραδάκια όμως χρειάζεται όρεξη &
αγάπη για το φαγητό. Ευχαριστώ ξανά και ελπίζω να σε
ξαναδώσει στο σύντομο μέλλον.

Με αγάπη

Dear Lik,
you've been through a tough adventure with us. We sometimes hear that the sea has many surprises we should discover and be careful about. We never know what it will show us, beauty or chaos, calm and quiet or stormy... Our team is quite the same! A bit clumsy, but al-

ways kind and smiling. We hope you
appreciated us all as we were ;P. (124)
We appreciated your advices but above all
we enjoyed this trip very much, thanks to
your sailing skills.

Thank you very much for everything.

Thank you Lik! I learnt a lot, to fish, to pull
the ropes, to make knots, that is always too late,
that some fishes don't like squid and that sailing
is a pleasure of life! All the best,

Midele | ITALY

Thanks a lot for this wonderful journey Lik!
I will preserve all the precious lessons in fishing
you gave us hoping for more fishes next
time ;P.

Thank you very much!
