Dear Captain Lük,

First of all thank you so much for having
 us on board! It was our first experience
 of this type and will remain in our memory
 for ever. The way you take care of us and of
 the boat was extraordinary. Patient and kind,
 you told us about the ship, about Egina, Poros, Atheras
 and many more. Your suggestions were excellent,
 the time spent on Poros and Egina, as well as in
 the gulf and near small islands for swimming

were precious.

Thank you for a nice trip together. We were a group of international friends of 6 in total. And we made a big route from Athens to Serifos, then Kythnos and Poros after we came back to Athens. That was a nice trip, thanks!
